The Contractor has to submit the mix design for different grade of cement concrete before execution as directed and to be approved from the executive in charge. The rates of RCC items tendered by the contractor shall be reduced according to the cement consumption of the approved Mix Design of cement concrete for that item and shall be paid accordingly. If the cement consumption of the mix design is less than as prescribed in Table-A, the recovery shall be carried out as per the input rate of cement. This condition is also applicable of Ready Mix Concrete items.

If there will be any change in grade of concrete items only the cost difference of cement will be paid/debited/deducted from concerned items as per mix design.
