SPECIAL CONDITION OF CONTRACT

NAME OF WORK:- **Construction of CC road in BKT area**

1. The work shall be carried out in accordance with detailed specifications for buildings/ MORTH & relevant I.S. codes.
2. The contractor should obtain exemption certificate of royalty from mining department before producing the 1st running bill of the work otherwise royalty shall be deducted by the department from the payment of contractor bills as per latest Govt. Rules.
3. The Contractor should submit **GST Clearance Certificate** while applying for tender copy.
4. A copy **of Registration Certificate** will be enclosed by the contractor with this tender.
5. The Cement & Steel will be arranged by the contractor himself, as per BIS specification & the testing certificate from recognized institute, of the above materials will have to be submitted by the contractor.
6. The contractor shall not work after sunset and before sunrise without specific permission of the Authorized Engineer.
7. The cost of all water connections, necessary to execution of the work and the cost of water consumed and hire charges of the meter and cost of Electricity consumed in connection for execution of the work, shall be arranged and paid by the contractor except where otherwise specifically indicated.
8. No equipment or personnel should be removed from site without permission of Engineer in charge.
9. The contractor shall furnish the program of construction for execution of the work within the stipulated time schedule together with methodology of construction for each type of work and should obtain the approval of the Engineer in charge prior to actual commencement of work.
10. If there is any typographical or clerical error or otherwise in the "G-Schedule" the rates as given in the PWD circle, ALWAR BSR, Road & Building BSR 2022 and its corrigendum issued from time to time on which: Schedule - "G" has been prepared shall prevail.
11. Any material not conforming to the specification collected at site shall have to be removed by the contractor within a period of three days of the instruction issued by the engineer-in-charge in writing, failing which, such material shall be removed by the department at risk and cost of the contractor after expiry of three days period.
12. The contractor should arrange the necessary survey and quality control equipment at his own cost with technical personal at work site & plant laboratory for checking of material and to ensure the work done by him as per specification.
13. The tenderer is advised not to give any conditional tenders. Conditional tender are likely to be rejected.
14. Any charges of testing/design mix etc will be born by contractor.
15. The contractor shall sign all the tender documents /pages /agreement/ special condition before submitting the tender document.
16. The Validity of Bid will be of 90 days from the date of opening of Bid. As per Published in **NIT No. Online 02/2026-27 dated 18.05.2025.**
17. Since the printed agreement for of the Govt. press is not available and agreement form printed from local market is used for agreement purpose of this work. However in case of any case of any printed mistake or any other error, from the standard agreement foam is found, then standard agreement form of Government will be applicable. The rules and conditions amended by Govt. vide no. F.2 (4) FD/ Exp-III/99 date **25 Aug. 2006** and further amended by the Govt. from time to time will be applicable in this case issued upto the date of issue of NIT.

18. If the contractor does not submit performance guarantee within 10 days from the date of communication of acceptance of his tender, his earnest money shall be liable to be forfeited.
19. Curing of CC Works has to be maintained in according to the IRC - 15, IRC - 58 etc. and till that. No traffic shall be allowed during curing, traffic diversion will have to be arranged by the contractor himself on his own cost.
20. The Contractor is supposed to submit a suitable mix design for controlled concrete grade M30 as per Para 1501.3 of MORTH specifications and as per direction of engineer - in-charge. Suitable chemical admixture has to use by the contractor in controlled concrete grade M-30. The cutting of joints shall be done immediately & suitable joint sealing compound confirming to IS: 1834 shall be applied on the cleaned joint. Curing compound shall be used for curing of C.C payment by the contractor on his own cost.
21. Payment of the CC road work shall be released only after conducting test on the samples taken by core cutter machine after 28 days. The test should be conducted from PWD Lab only as per direction of engineer- in-charge.
22. Contractor has to use all T & P machine such as concrete mixer with weigh batcher, needle screed plate vibratory vacuum dewatering system, mechanical floater, diamond cutter machine etc.
23. It is again emphasized that payment of CC pavement grade M-30 will be made to contractor only after ensuring achievement of proper quality and desired specified strength through the cutting of cores by core cutting machine. If the quality and strength as per acceptance criterion is not achieved, then the work will not be accepted and payment of such substandard work would not be made to the contractor. No extra amount on account of providing core cutter testing facility would be admissible to contractor.
24. The contractor is bound with the rules & regulation of Govt. amended time to time.
25. Contractor has to upload all the documents including agreements, special terms & conditions, all certificate etc. other wise the tender may be treated as cancelled.
26. The lowest of total G & H-Schedule cumulatively will be treated as lowest tenderer.
27. The contractor is bound to register himself with office of labour commission govt. of Rajasthan. If in any case contractor has not registered already with office of labour commission, it is his liability to register himself before issuing of work order. And 1% labour cess to deducted on various civil works.
