4.2 i) Subscript 'o' will correspond to thirty (30) days prior to date of opening of Bids.

ii) Subscript '1' will correspond to the month of billing.

4.3 The total price adjustment amount for Installation (including civil works) price component shall not be subject to any ceiling whatsoever.

5.0 The Bidders are required to estimate and indicate the values of different coefficients for each of the items in the price variation formulae within the specified range such that their summation is as specified in the Bidding Documents. Where no value or '-' or 'shall be furnished later' is specified against the coefficient, the same will be deemed to be zero and the fixed component would be suitably adjusted. If the values of all coefficients in price variation formulae indicated by the Bidder are within the specified range but their sum exceeds the summation specified in the Bidding Documents, the values of the coefficients shall be pro-rata adjusted such that the summation remains as per the provisions of the Bidding Documents. If the values of all coefficients indicated by the Bidder are within the specified range but their summation is less than the value specified in the Bidding Documents, the values of the coefficients as indicated by the Bidder shall be considered as such and the fixed component in the price variation formulae would be suitably adjusted. Further, if any of values of the coefficients indicated by the Bidder is out of the range specified in the Bidding Documents, the lower of the values, as indicated by the Bidder vis-à-vis lower value of the range for that coefficient specified in the Bidding Documents, shall be considered and the fixed component would be suitably adjusted.

Similarly, for the purpose of Price Adjustment on Installation price component, the Billing period shall mean the billing period as per Contract time schedule i.e., the agreed Bar Chart or actual period, whichever is earlier. The Billing period for various Installation activities will be as per agreed Installation Bar Chart indicating monthly schedule of Installation activities for completion of works. However, when the Employer's specific approval for advancement of shipment/installation activities has been obtained in such case the said advanced date shall be treated as the schedule date of shipment/installation activities for the purpose of working out the price adjustment payable.

No price increase shall be allowed beyond the original delivery/ Installation dates unless specifically stated in the Time Extension Letter, if any, issued by the Employer. The Employer will, however, be entitled to any decrease in the

Contract Price which may be caused due to lower price adjustment amount in case of delivery of Goods/ Installation beyond the original delivery/Installation dates. Therefore, in case of delivery of Goods/Installation beyond the original delivery/ Installation dates, the liability of the Employer shall be limited to the lower of the price adjustment amount which may work out either on schedule date or actual date of dispatch of Goods/ Installation.

- b) In case IEEMA does not publish any of the price indices, as mentioned above, the Bidder shall indicate any nationally recognized published index for respective items and the source of the same shall be furnished in the Bid.
- c) In case of non-publication of applicable indices on a particular date, which happens to be the applicable date for Price Adjustment purposes, the published indices prevailing immediately prior to the particular date shall be applicable.
- d) If the Price Adjustment amount works out to be positive, the same is payable to the Contractor by the Employer and if it works out to be negative, the same is to be recovered by the Employer from the Contractor.

Notwithstanding the individual submission of Bank Guarantees by each Partner as specified above, the JV Partners hereby expressly agree and undertake that:

All JV Partners shall be jointly and severally liable for the maintenance, validity, extension, and any claims or encashment of all Bank Guarantees submitted by any Partner;

Each Partner's liability extends to the entire aggregate amount of all Bank Guarantees provided by the JV/Consortium, regardless of which Partner submitted any specific guarantee; GETCO shall be entitled to encash any or all Bank Guarantees at its discretion for any breach, default, or non-performance by the JV/Consortium as a whole;

The encashment of any individual Partner's Bank Guarantee shall not limit GETCO's right to claim against other Partners or other guarantees.

7.2.3 Performance Securities:

All other Performance Securities and financial instruments required under the Contract (other than the initial Bank Guarantees specified above) shall be provided in the name of the JV/Consortium, with all Partners remaining jointly and severally liable for such securities.

7.2.4 Collective Responsibility:

The JV Partners acknowledge that:

The submission of separate Bank Guarantees is purely an administrative arrangement as required by the tender terms;

It does not create any limitation on the joint and several liability of all Partners; Each Partner remains fully liable for the performance of the entire Contract and all associated financial obligations; Failure by any Partner to maintain its Bank Guarantee shall constitute a breach by the entire JV/Consortium.

7.2.5 Internal Recourse:

While maintaining joint and several liability to GETCO, the Partners may agree among themselves for internal cost-sharing and recourse arrangements, provided such internal arrangements do not affect GETCO's rights against any or all Partners.

7.3 Default and Remedial Action:

During execution of the Contract, if any JV Partner is found to be not performing according to its committed scope of work under the JV Agreement and Contract, GETCO shall have the right to: Issue notices of default to the entire JV/Consortium; Invoke remedial measures against the JV/Consortium as a whole; Encash Bank Guarantees/Performance Securities provided by the JV/Consortium; Terminate the Contract and hold all JV Partners jointly and severally liable for damages.

7.4 Internal Remedies and Recourse:

While GETCO's rights shall be exercised against the JV/Consortium as a single entity, the non-defaulting Partner(s) may, subject to GETCO's prior written consent, take appropriate remedial action against the defaulting Partner, including but not limited to:

Engaging qualified subcontractor(s) to perform the defaulting Partner's scope of work, provided such subcontractor(s) meet the technical qualifications and are approved by GETCO; Taking over the defaulting Partner's scope of work directly (if the non-defaulting Partner has the requisite qualifications or permitted in writing by GETCO);

Such other measures as may be necessary to ensure Contract performance without altering the fundamental constitution of the JV/Consortium. Provided that:

The defaulting Partner shall remain a Partner of the JV/Consortium and shall continue to bear joint and several liability for the entire Contract; Any subcontracting arrangement shall be at the cost and risk of the JV/Consortium; The original JV Partners' obligations and liabilities under the Contract shall remain unchanged; No modification to the JV/Consortium constitution shall be permitted.

7.5 Debarment and Future Participation:

In case of Contract termination due to default by any Partner, GETCO reserves the right to debar:

The entire JV/Consortium; and/or Any individual Partner(s) responsible for the default from participating in future tenders for such period as GETCO may determine in accordance with its policies.

7.6 GETCO's Discretion and Finality:

All decisions of GETCO regarding performance evaluation, default determination, and remedial actions shall be final and binding on all JV Partners. The JV Partners waive any right to dispute GETCO's assessment of performance or default by any individual Partner.

7.7 No Limitation of Liability:

Nothing in this Agreement shall limit or restrict GETCO's rights under the Contract or applicable law to hold all JV Partners jointly and severally liable for any breach, default, delay, or non-performance of the Contract.

8. Duration and Irrevocability

8.1 This Agreement shall remain valid and binding for the entire term of the Contract and shall not be cancelled or amended unilaterally without prior written consent of GETCO.

9. Dispute Resolution
